### **Introduction:**

"Unlocking Innovation: A Guide to Developing Nursing Patents" is a title that suggests a comprehensive resource for nurses looking to explore the process of patenting their innovative ideas in the field of nursing. The guide likely provides insights, strategies, and practical advice on navigating the patenting process, protecting intellectual property, and fostering a culture of innovation within the nursing profession.

### **Objective of the Workshop/webinar/ Event / FDP:**

1. Providing preventive health services screenings, and health education to promote healthy behaviors and prevent diseases.
2. To create awareness regarding Nutritional status and personal hygiene.
3. Collaborating with communities, and healthcare providers to support the holistic health of students.
4. Empowering students to make informed decisions about their health and well-being through education and access to resources.

**Students Participants** – Total 20 students of Post Basic B.Sc. Nursing 1st Year, M.Sc. Nursing 1st & 2nd year, ANM 1st year & 2nd year.
