Introduction

Internal Quality Assurance Cell(IQAC) is an integral part of Higher Education Institutions(HEIs). It serves as a quality sustenance measure and integrates with Institutional system to work towards realization of the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institution. It serves to channelize all the efforts and measures of the institution towards promoting its holistic academic excellence.

IQAC evolves mechanisms and procedures for efficient and progressive performance of academic procedures including integration of modern methods of teaching, learning and evaluation procedures. It promotes quality research programmes as well as sharing of research findings with network of institutions nationally and internationally. It also ensures timely and efficient performance of administrative and financial tasks.

Vision statement:

- To develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution.
- To promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.

Core values:

- Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution
- Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process
- Arrangement for feedback response from students, parents and other stakeholders on quality-related institutional processes
- Dissemination of information on various quality parameters of higher education
- Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles
- Documentation of the various programmes/activities leading to quality improvement

The following were the proceedings for the meeting:

- The meeting started with the presentation of activities undertaken by IQAC so far(List enclosed) and their status report. Each activity was discussed in terms of the progress so far, the issues or hurdles encountered and the methods for their resolution.
- Regarding Syllabus and curriculum, it was discussed that syllabus should be prepared according to CBCS and it differs from subject to subject. For Physical sciences, there were issues of multiple core subjects and excessive credit hours and it was suggested by Dr.Waheeda Khan, Chairperson for CBCS committee that the total credit hours should be 120-140 and it should be strongly followed and executed by the Dean to avoid excessive burden on students and faculty and to maintain admissions.
- The newer teaching methods advocated are being followed by faculty and coordinators are submitting monthly reports for the same.
- The faculty publications and faculty profiles in the prescribed format have been compiled and have been uploaded on IQAC website. The credit for the same goes to the members of the publication division. It was updated to the members that publication section is also compiling the hard copies of all the publications to keep a record in IQAC. It was suggested that the recent updates in the publications and the faculty profiles of the newly recruited members should also be updated on the website.
- It was updated that annual report has been received by only 7 faculties namely Engineering, Physical Sciences, Pharmacy, Allied Health Sciences, Hotel management, Nursing and Indian Medical System and the rest of faculties should also update the same to IQAC as they need to be uploaded on IQAC website. Registrar sir also mentioned about University annual report that needs to be uploaded on website faculty wise.
- The status of research projects was asked and it was reported by DrShefali that compilation is going on and few faculties have left. It was suggested that whatever data has been compiled till now shall be uploaded, the remaining matter can be uploaded as and when received.
- Regarding the Choice based credit system(CBCS), The Director IQAC Dr T.D Dogra thanked Dr Waheeda Khan, Chairperson CBCS committee for all the hard work in compilation of courses and their syllabi. Dr Waheeda updated that syllabus will be compiled soon and shall be sent for uploading. Forms for the students to choose a particular course has been designed and circulated to all deans.
- Regarding the newer question paper guidelines, it was updated by all the members coming from different faculties that it has been implemented and the examinations

presently are based on newer guidelines. Dr Amit Srivastava, Dean Examinations reported that the team is working for the online (OTMS) system for objective questions and it shall be applicable from next year onwards.

- The examination reforms of 50% theory and 50% practical and about 40% formative assessment and 60% summative assessment is being followed.
- The continuous internal assessment with Saturday as assessment day has been made applicable and is being followed in most of the faculties. Some of the faculties mentioned that instead of Saturdays some other days have been chosen depending on their timetable and it was reported that Deans are free to choose any day as per their convenience as long as weekly assessments are being done.
- The Log book for students have been printed and are being used by the students in majority of faculties.
- The daily dairy for teachers is in printing stage and shall be applicable soon.
- Regarding research promotion by the faculty, DrBajpai suggested that on 1st and 3rd Saturday, teaching activities should be suspended for non-medical faculty to give them time to exclusively focus on research. Regarding extramural projects, it was updated that about 40 extramural projects have been sent from the university so far to multiple funding agencies.
- For the consultancy services, the proposals from each faculty have been received but their practical feasibility needs to be ensured. Communications have been going on with the accounts department to open separate account and it was suggested that a central store/outlet should be opened and that should be registered with the Government. DrAkshay, coordinator incharge for the consultancy program was asked to hold a separate meeting for the same at an early date to expedite the process and to take registrar in loop for the same. It was suggested to Dr Amit Srivastava, Dean Engineering and Physical Sciences that some software should be developed to prepare the teaching calendar in a manner that all PG orientation classes and pre Ph.D classes should be collectively taken at a common place and Dr Amit should use it as consultancy.
- The UNESCO-Bioethics unit affiliated to UNESCO Chair in Bioethics, Haifa, Israel has been established in the University on June 30th 2017 and 1 symposium and 2 guest lectures have been conducted so far by the unit.
- Regarding the National and International tie ups, it was updated that DrWaheeda Khan has been made the Dean International relations and she shall be holding meeting with all the deans regarding old tie ups and MOUs in coordination with DrAkshayMunjal. Regarding the new tie ups, DrWaheeda updated that active communications are going on for faculty exchange and students for Hotel management and communications with 2 foreign universities are in process for Faculty of Behavioural Sciences. Dr Amit Srivastava updated that along with tie ups

we can also explore possibilities of foreign university mentors. Many of the contemporary universities like Amity, BML are following the same.

- Regarding NCC and NSS it was updated that applications for the same have been given and by March they should be done.
- Regarding the Alumni association it was updated that the next alumni meet is on 13th January and they have asked for the nominations for the members of association, President, Vice president, Secretary, Treasurer, EC member. The elections for the same will be conducted on the day of meeting and the results will be declared there only. It was updated by Dr Dogra, that association has been registered on Dr Dogra's name and annual audit account of the association should be sent. The alumni coordinators should take a note of it and do the needful. It was suggested that our website should have a separate portal "our alumni speaks" where testimonials of the alumni along with their photographs can be added. DrShefali, alumni coordinator updated that during alumni meet, they are planning to make a testimonial booklet with signatures from the alumni. There were suggestions by the members that "Best alumni award" should be given, the placement records of the alumni should be taken during the meet and they can be uploaded on website too. Also, the alumni can be asked for some monetary contributions to help in the establishment of SGT Alumni incubation centre. The rules and regulations of the alumni association can also be uploaded on IQAC website.
- Regarding the mentor-mentee system, it was updated that the system has been streamlined under the chairmanship of Dr M.S Turan and few meetings have been conducted by them. It was suggested that the record of meetings should be kept and should be uploaded on the website. The next meeting for the mentor-mentee group can be done in IQAC to handle any issues.
- It was reported by members in general that multiple meetings are been held and minutes are been recorded but the system of follow up of these and formation of Action taken report is weak and that needs to be streamlined.
- The MOU with CSDL for digitalization of degree certificates was updated to members and it was mentioned by registrar that it has been made functional.
- IQAC has been regular in conducting core team meetings and FDP was also conducted in November 2017.
- Regarding the student feedback, it was updated that one round of feedback has been taken for all the faculties of University and registrar sir mentioned that feedback form shall be introduced in ERP and the students should be asked to fill the form mandatorily before the exam. The portal for filling the form on ERP shall be open from 1st May-30th May and the process for the same has been initiated.

Syllabus & Curriculum Revision

Syllabus and curriculum revision

SGT University to achieve its vision of creating a world class university that is capable of creating human resource commensurating with the international work ethos has revised its learning strategies to bring it at par with the methodologies adopted by the developed world.

The syllabus and curriculum of SGT University is primarily based on the concepts of Bloom's Taxonomy and Malcolm Knowles Principles of Andragogy to fulfill the vision of the University. The curriculum of the programs offered by University have been developed as per the industrial requirements and is benchmarked with that of the contemporary institutions in alignment with the requirements prescribed by the statutory bodies of the centre and state.

The curriculum is reviewed and revised regularly according to the changing demands of the society and industry. The syllabus has been categorized into Must to know, Desirable to Know and Nice to Know domains.

The process of syllabus and curriculum revision is well defined incorporating the inputs from stakeholders namely students, teachers, alumni, parents and employers. The feedback is analyzed and the result of the responses received together with the changing industrial and societal demands and the opinions of the external experts in the board of studies, the revisions in the syllabus and curriculum are done. The revised syllabus and curriculum is put forth to the Academic council for approval and further implementation.

The Health sciences related group of faculties are regulated by statutory bodies like MCI, DCI, PCI, INC, Central Council of Indian Medicine, RCI etc that provide the mandatory requirements for the syllabus and curriculum of related faculties and provide minimal scope for major modifications.

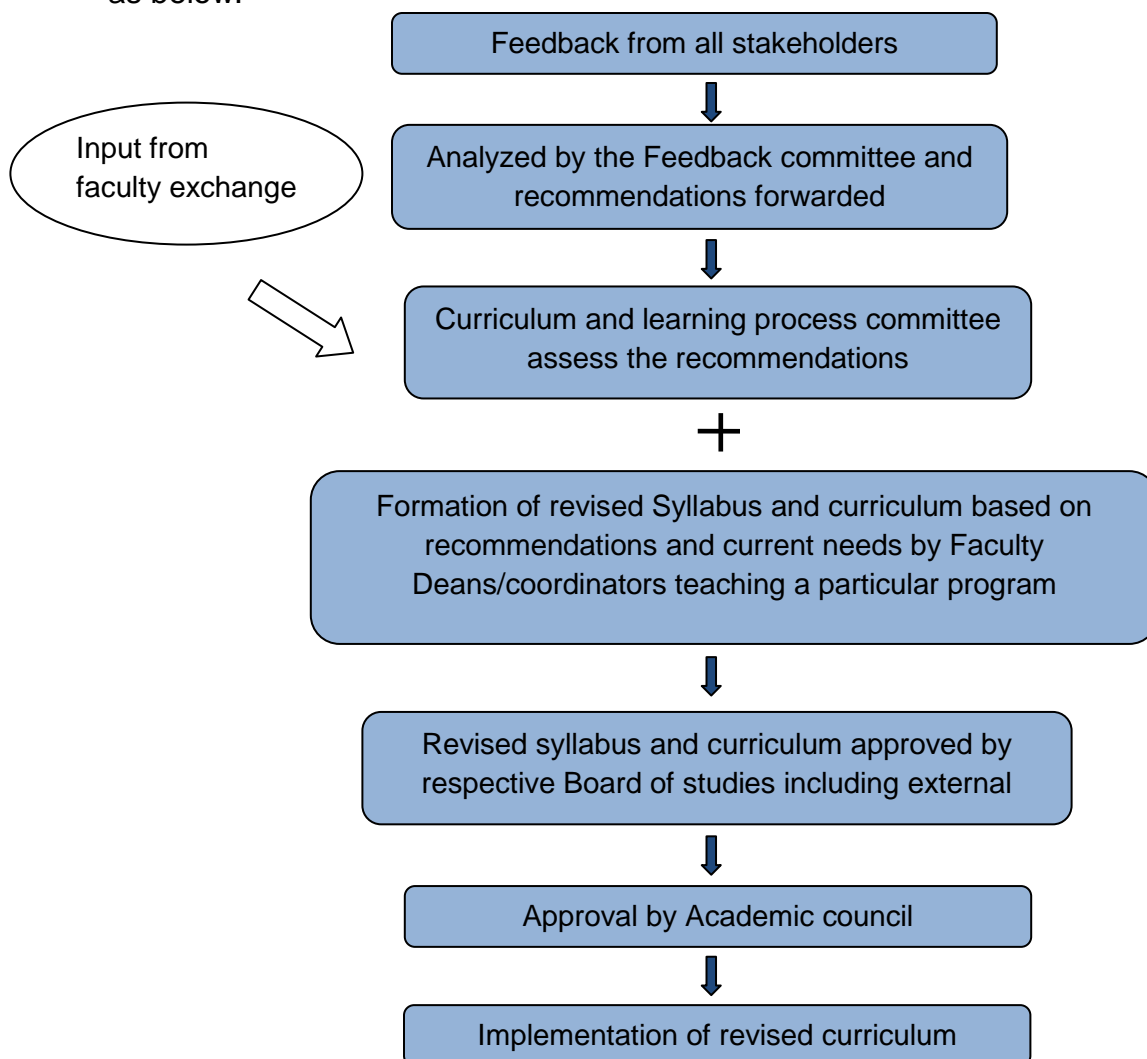

The curriculum and learning process committee has been created within IQAC to review the curriculum of each program and to revise it according to the current demands and the feedback received in consultation with the Dean/coordinator of the parent faculty.

The curriculum and Learning process committee is constituted as :-

1.	Dr.T.D.Dogra, Professor Emeritus & Advisor, IQAC	Chairman
2.	Dr M.S Sidhu, Director IQAC	Member
2.	Dr. S C Mohapatra, Dean academic affairs	Member
3.	Dr.Amit Bhardwaj, Member IQAC and Professor, FDS	Member
4.	Dr Jasdeep Monga, Associate professor, FMHS	Member
5.	Dr.Astha Chaudhry, Member secretary IQAC and Reader, FDS	Member Secretary

The whole process of syllabus and curriculum revision and implementation is summarized as below:

The syllabus and curriculum is prepared by parent faculty and is reviewed by Curriculum and learning process committee. The suggested revisions by the committee along with inputs from feedback committee will then be incorporated in the revised syllabus and curriculum prepared by the parent Faculty Dean and Faculty coordinator. The revised syllabus will then be approved by the Board of Studies constituted in each faculty and comprising of an external expert. Once approved by Board of studies, it shall be put forth to Academic council and once approved from Academic council, it shall be implemented.

Teaching methodologies

Teaching methodologies

A **teaching method** comprises the principles and methods used by teachers to enable student learning. These strategies are determined partly on subject matter to be taught and partly by the nature of the learner. For a particular teaching method to be appropriate and efficient it has to be in relation with the characteristic of the learner and the type of learning it is supposed to bring about. Suggestions are there to design and selection of teaching methods must take into account not only the nature of the subject matter but also how students learn. In today's school the trend is that it encourages a lot of creativity. It is a known fact that human advancement comes through reasoning. This reasoning and original thought enhances creativity. This is the basic thinking process which mooted the concept of Andragogy...as "How do Adults learn!". Thus IQAC, SGT University initiated Adult Learning with Newer Teaching Technology.

The teaching methods advocated by IQAC includes:

Cognitive Skills

1. Student's Interactive Session(SIS)
2. Student's Seminar(SS)
3. Teacher's Seminar(Multispecialty)
4. Project Based Learning(PBL)
5. Problem Based Learning(PBL)
6. Case Studies
7. Integrated Teaching
 - Intra-faculty (Within one faculty)
 - Interfaculty(More than one faculty)
8. Focus Group Discussion
9. Spot Group Discussion
10. Presentation cum Panel discussion(By Teachers)
11. Presentation cum Panel discussion (By Students)
12. Fish Bowl Technique
13. Role Play
14. Simulation Technique
15. Tutorials

Psychomotor Skills

1. Unconventional Clinical Examination
2. Unconventional Practical Examination
3. Hands- on

Assessment Techniques

1. Objective type questions
2. Objective Structured Clinical Examination(OSCE)
3. Objective Structured Practical Examination (OSPE)

For the implementation of the same the strategic plan included a series of steps which were followed as mentioned below:

1) *Gaining confidence of all Deans and faculty:*

All the Deans of 17 faculties along with their faculty members were apprised of the new teaching methods advocated by IQAC. This was done through series of meetings regularly to gain their confidence and cooperation in the smooth implementation of the same.

The details of meetings were as follows:

Multiple meetings regarding implementation of newer teaching methodologies in all faculties of SGT University were conducted in the Dental Committee room from 12:00noon-1:00pm as per the schedule:

7th July 2017– Faculty of Behavioural Sciences, Faculty of Physical sciences and Faculty of Law.

8th July 2017– Faculty of Hotel and Tourism Management, Faculty of Education and Faculty of Commerce and Management

10th July 2017- Faculty of Engineering

11th July 2017– Faculty of Pharmacy and Faculty of Nursing

12th July 2017– Faculty of Physiotherapy, Faculty of Indian Medical System and Faculty of Allied Health Sciences

13th July 2017– Faculty of Mass Communication, Faculty of Fashion Technology and Faculty of Agricultural Sciences

14th July 2017– Faculty of Medical and Health Sciences and Faculty of Dental Sciences (in T.V Studio, from 2:00pm-3:00pm)

The meetings were attended by all the deans along with all the faculty members ([the signatures list attached](#)) and chaired by Dr T.D Dogra, Director IQAC. The members of IQAC and the curriculum and learning process committee that were present include:

- Dr H.S Grover, Dean education and examinations
- Dr S.C Mohapatra, Dean Academic affairs
- DrAstha Chaudhry- Sub dean, IQAC
- Dr Amit Bhardwaj, Sub-Dean, IQAC
- DrAkshayMunjial

The agenda was to discuss each newer teaching methodology and its implementation.

- The list of newer teaching methods were distributed to each member and each methodology was discussed one by one.
- It was stressed by the chairman that all didactic lectures should be replaced by SIS.
- All the teaching methods are student centric and the role of teacher will mainly be a facilitator in increasing the learning of students. The presentation skills, communication and leadership skills of the students can be improved by these methods and will help in increasing the confidence of the students. The idea is to break the monotony of the lectures and to increase the participation of the students in the learning.
- The chairman emphasized that atleast 40% of all classes should be taken by newer methods.
- The chairman also briefed about the constitution of feedback forms and that IQAC will be confidentially taking the feedback of the students regarding the faculty in general and about the teaching methods and requested that all Deans and faculty members should cooperate with this initiative of IQAC. It was also insisted by the chairman that each faculty can develop their own feedback proformas for improved results and that this activity is not to discourage or discriminate any faculty. It is just an exercise to know about the shortcomings and their improvisation.
- The Chairman Dr Dogra also suggested that extra credits should be given to students participating in student seminars, role play and other student centric activities and it should be included as part of formative assessment to increase the student participation.
- It was stressed upon that faculty should not restrict themselves to only these methods. The faculty should be creative and innovative to design and implement their own methods of teaching.

2) Creation of Group of Coordinators(action group):

The action group of education coordinators was created to act as communication link between the Faculty and IQAC.

The nominations by Deans of each faculty for the same were received and a wats app group as well as mail group of the same was created.

The list of coordinators was:

6. Dr Vijyalaxmi, Faculty of Agricultural Sciences
7. Ms Mamata Devi, Faculty of Nursing
8. Ms Swati Yadav, Faculty of Fashion & Design
9. Mr Nishit R Chaki, Faculty of Law
10. Dr Kamlesh Sharma, Faculty of Physical Sciences
11. Mr Harsh Upreti, Faculty of Hotel and Tourism Management
12. Dr Manisha Vats, SGT College of Pharmacy
13. Ms Priyanka Tyagi, Faculty of Mass Communication
14. Dr Shivani Sahdev, Faculty of Behavioural Sciences
15. Dr Aparna Gupta, Faculty of Physiotherapy
16. Dr Jasdeep Monga, Faculty of Medicine and Health Sciences

Absent members:

1. Ms Jyoti Ahlawat, Faculty of Engineering and Technology
2. Dr Manbir Singh, Faculty of Allied Health Sciences

The Following points were discussed:

1. Dr T.D Dogra addressed the members and asked about the status of the teaching methods being followed in their respective faculty. All the coordinators reported that about 60-70% of the newer teaching methods are being followed in their respective faculties.
2. Dr Bhalla said that newly appointed faculty members should be trained in the newer teaching methods and FDP should be conducted for them. Dr Aparna from Faculty of Physiotherapy volunteered to make a proposal of the Induction Program for newly appointed teachers for their training in newer teaching methods and trainers will be the coordinators of this “Education Group”.
3. A wats app group and email group of all the coordinators for teaching methods needs to be prepared for effective communication. These coordinators will act as nodal persons for all the communications from IQAC related to teaching methods with their respective Deans in loop.
4. It was decided that on 4th Friday of every month, an induction program on newer teaching methods for newly recruited faculties will be conducted in corporate block at 2:00 pm. This meeting every month will also be a platform to get update about the practicing of the newer teaching method in each faculty from the respective coordinators.
5. All Coordinators have been asked to develop their feedback proformas and start collecting feedback from students without revealing their identity. Dr Kamlesh from Physical Sciences reported of the availability of online feedback proforma with herself and she has been asked to circulate in the group.
6. All Coordinators to ensure that student log book should be used by all first year students in their faculty. The respective Deans can indent the required amount from central store.
7. Dr V.K Bhalla and Dr S.C Mohapatra shall be the co-chairman of this Education Group.
8. The meeting concluded at 1:10 PM with a thanking note from chairman of the meeting- Dr T.D Dogra.

31. Dr. G.B. Bhatt, Faculty of Allied Health Sciences

The members who could not attend the meeting were:

1. Ms Priyanka Tyagi, Faculty of Mass Communication

The proceedings were as follows:

1. The Chairman addressed the members and asked about their individual experiences in using the Newer teaching modalities, the challenges faced and student perception towards these methods.
2. All the members shared their experiences and gave a **positive feedback** about the use of these newer teaching methods and also expressed that students have become more receptive to these methods due to their increased participation. Also,

the weekly assessment has improved the learning quotient and interest among the students.

3. The student seminars, group discussions are making students more confident in expressing their views and it has also increased the interaction of students with the faculty thus helping the faculty members identify the weaker students and to plan appropriate initiatives directed towards their better learning.
4. Some of the faculty members expressed that the greatest challenge in using these newer methods is that these are **time consuming** and requires more classes for particular topics and this makes it difficult to complete the syllabus in the required timeframe. Chairman sir addressed that to increase the academic time period some initiatives have been taken by controller of examinations to reduce the examination days by conducting exams both in morning and afternoon. This might give an added time period of 1 month to complete the required academic curriculum.
5. Another challenge expressed by faculty was that the some of the students have poor knowledge about **basics of computers** which make them incapable of preparing presentations for seminars etc. This issue was discussed and it was decided that some initiatives in the form of workshop or foundation courses should be taken up by IQAC.
6. Some of the faculties expressed that **communication skills** of students are weak and sometimes they have to be explained in local language to understand the concept. The chairman sir addressed that it is important to develop the communication skill but the most important task is to develop the confidence among the student so students should be allowed to express themselves even if it is in local language.
7. Chairman sir emphasized that it is very important to give **practical learning** to students especially in engineering, law, management, physical sciences and the faculty members should look for opportunities to give practical learning within the university by posting the students in groups within the departments like purchase, HR, Pharmacy, building site etc.
8. The need for **revision of syllabus and curriculum** was emphasized to remove the obsolete items and to focus on current and futuristic concepts to prepare the students for industry challenges.
9. Chairman sir also briefly discussed about the proceedings of Vision 2022 workshop and the proposed convention for vision 2030 to enable the faculty members have a

futuristic vision and to develop their course and curricula according to the increasing demands of the market and industry.

10. The meeting concluded at 3:45pm with convey of thanks from the chairman

20th December 2017

The meeting of education group coordinators was conducted on 20th December 2017 at 2:00pm in the Board room, Corporate Block with the following agenda:

18. Dr. Vikram Mor, Faculty of Allied Health Sciences
19. Dr. Abhinav Bhargava, Faculty of Dental Sciences
20. Ms. Priyanka Tyagi, Faculty of Mass Communication

The following were the proceedings of the meeting:

1. The meeting started with the collection of feedback of ICDL Diagnostic test from each faculty member who had taken the test and the education group members had

mixed response about it. Some of the members suggested that such program can be taken up for students rather than teachers.

2. Regarding the discussion about teaching methodology reports, it was pointed out by the chairman that the reports should not include the terms didactic, Power point presentation(PPT), White Board, AV as teaching methods. All didactic lectures to be replaced by Student Interactive session(SIS). The White Board, PPT and AV are teaching aids not methods.
3. The Induction program for newly recruited faculty members should be taken in 2 batches comprising of 25 members each and should be finalized by Dr Astha.
4. All the faculty member coordinators were instructed to organize FDPs in their respective faculties monthly or bimonthly and should be intimated to IQAC.

9th March 2018

The meeting of education group coordinators was conducted on 9th March 2018 at 2:00pm in the Dental Committee room with the following agenda:

14. Ms. Swati Yadav, Faculty of fashion
15. Ms. Sandhya Singh, Faculty of fashion
16. Mr. Nishit R Chaki, Faculty of Law
17. Ms. Ambika Nair, Faculty of Hotel management

The following were the proceedings of the meeting:

1. The meeting started with the briefing of the teaching methodology reports received by IQAC of all the faculties. The missing reports from the faculties were also briefed to the members and were asked to submit the reports as early as possible.
2. For the reviewing of the implementation of the teaching methods, the management has involved marketing team to review the classes and make a report. The team shall not be judging the concerned teacher but the technique being followed or not shall be reviewed. The chairman asked all the coordinators to extend their cooperation to the marketing team for the same.
3. Dr. Dogra stressed that all coordinators should explore the literature about educational technology and should do some research or assessment about the techniques of education, their impact on results and it should be published either in University Journal or outside. An academic section shall be created in the University Journal for the same purpose.
4. Dr. Dogra intimated all the members about the Capacity Building in Teaching technology for newly recruited faculty to be held on 13-14th March/21-22nd March/28-29th March 2018. Dr Bhalla suggested that that 2-3 members from each faculty should be taken from one faculty for the training program to avoid any hinderance in the conduction of classes for the faculty where more no. of new teachers names have been provided.
5. Dr. Dogra asked the members to collect the feedback about the newer question paper pattern and the other examination reforms and should intimate to IQAC.
6. Some concerns were raised about the CAP system for evaluation and the queries were discussed and it was suggested that there will be initial settling issues for any new system and it should be handled patiently as it will be reaping benefits in the long run.
7. The faculty members were asked to explore the options about the skill courses for the professionals(in service) in their respective faculties and to prepare the e-learning modules for the same.

9. Dr. Aparna Dave, Faculty of Dental Sciences
10. Ms. Priyanka Tyagi, Faculty of Mass Communication
11. Dr. Neeraj Gupta, Faculty of Indian Medical System
12. Ms. Mamata Devi Akoijam, Faculty of Nursing
13. Dr. Vikram Mor, Faculty of Allied Health Sciences
14. Dr. Abhilasha Singh, Centre for Language and Communications
15. Dr. Vinita Rajput, Faculty of Agricultural Sciences

The faculties from which no coordinator/ representative attended the meeting are as follows:

1. Faculty of Physiotherapy
2. Faculty of Behavioural Sciences
3. Faculty of Medicine & Health Sciences
4. Faculty of Fashion and Design
5. Faculty of Law
6. Faculty of Engineering
7. Faculty of hotel management
8. Faculty of Education

The following were the proceedings of the meeting:

- On the absence of multiple coordinators in the meeting, Director IQAC expressed his concern that this is a monthly meeting of all the coordinators from each faculty and the absence of coordinators or representative leading to lack of representation of a particular faculty shall not be tolerated. The deans shall be informed about the absence of coordinators and shall be strictly instructed to ensure the attendance of coordinators in the meeting.
- The meeting started with the briefing of the status of teaching methodology reports of March as received by IQAC. The reports of March were received from only 4 departments. The missing reports from the faculties were also briefed to the members and were asked to submit the reports as early as possible.
- The status of the UG and PG syllabus and curriculum received so far was discussed and the faculty coordinators were asked to submit the remaining syllabus and curriculum. Dr Dogra stressed that the syllabus/ curriculum should be revisited every year by the curriculum committee of the dept/faculty relook if any modifications are required.
- Regarding the pending Annual report of 2016-17 from the 6 faculties namely Behavioural sciences, Agriculture, Commerce and Management, Fashion, Education, and Medical Sciences was asked by the present coordinators.
- The revised consultancy proposals remaining from the faculties of Hotel management, Medical sciences, Engineering, Behavioural Sciences, Physical Sciences, Language, Education, Commerce management were asked to submit as early as possible. Dr Dogra also insisted that list of items that can be kept in the SGT outlet/shop should be submitted asap so that work can be initiated early.
- Regarding the question papers formation for the creation of question bank, the queries from the faculties were resolved and they were asked to submit the papers at the earliest.
- The faculties were asked about the continuous internal assessment if it is been followed in their faculty, all the faculty members admitted that weekly tests are being done however it is not necessarily done on Saturday. As per the convenience of the teacher it is scheduled.
- It was stressed that the student log book being used should be monitored, reviewed by the faculty and it should be collected so that marks can be given according to the same.

- Since, there has been change in the faculty with the addition of new members and leaving of the old members, the faculty profiles as uploaded on the IQAC website needs to be updated and should be arranged in the order of hierarchy. For this, it was decided that format shall be circulated to all faculties and each coordinator shall be contacted one by one to check for the accuracy of uploading.
- Regarding the e-learning modules, faculty members were asked to send the topics according to the modules which should be clear, concise and each topic of the module should not be more than 20minutes.

The faculties from which no coordinator/ representative attended the meeting are as follows:

1. Faculty of Medicine & Health Sciences
2. Faculty of Agricultural Sciences
3. Faculty of Allied Health Sciences
4. Faculty of Fashion and Design
5. Faculty of Law

The following were the proceedings of the meeting:

- On the absence of coordinators/ representatives of some of the faculties mentioned above, Director IQAC expressed his concern that this is a monthly meeting of all the coordinators from each faculty and the absence of coordinators or representative leading to lack of representation of a particular faculty shall not be tolerated. The deans shall be informed about the absence of coordinators and shall be strictly instructed to ensure the attendance of coordinators in the meeting.
- Dr Dogra asked the coordinators to share their experiences of the implementation of newer teaching methods, the problems encountered. It was then decided that all the coordinators shall be making presentations about the status of teaching methodology implementation in their faculty, their outcomes, the problems encountered, any innovative technique used etc on 14th July 2018.
- Dr Yogesh Mehta expressed his concern as Centre Superintendent for the examinations that the answer booklet given for the University examinations has more than required no. of pages in view of the recently introduced Objective component in examinations, so a revision of the answer booklet is required. Dr Dogra addressed that examination branch is aware of the same and shall be revising it in the next lot to be sent for printing.
- One of concerns expressed by Faculty of Commerce and Management was that they are getting permission to attend the Faculty development programs, seminars and conferences but not workshops. This was pointed out as a clerical mistake where the concerned staff may actually not be aware of the workshops as academic activities. Dr Dogra said that he shall talk to Vice chancellor for issuing a circular to grant leave for academic activities.
- It was decided that the education coordinators will now be the IQAC coordinators to help in coordination of all the tasks/cooperation required from all the faculties by the IQAC. They shall be the point of contact by IQAC for all the information/requirements being sent to the Dean.

- There was a discussion about the Faculty development programs and it was discussed to find out the UGC guidelines for the approval of FDPs.
- The issue of making a regional centre of IGNOU for physiotherapy was discussed and faculty representative from physiotherapy was asked to find out the details about the protocol and procedures for the same.
- Since, most of coordinators expressed their concerns about Problem based learning, It was discussed that a workshop shall be planned with IQAC Coordinators on PBL.
- Some of the coordinators expressed that some of the teaching methodologies are not applicable in their field for which Dr Dogra cleared that the list of 15 teaching methods as advocated by IQAC are not the only ones to be used. The faculty is free to devise their own innovative teaching methods and can use the newer methods in whatever proportion they feel is suitable for their faculty. The basic idea is to eliminate the didactic lecture and to engage the students in the class for their increased participatory learning.
- On asking about the submission of latest curriculum and syllabus, concern was expressed that even after repeated reminders verbal and through mail, some of the faculties have not responded so they should communicate the same to their respective Deans to expedite the process. Also, since some of the faculty members may not be well versed with these terminologies and their preparation, there was a discussion to hold a half day workshop for the coordinators to make them understand about the concept of Unit, Syllabus, curriculum, modules etc. so that they may communicate the same to their respective colleagues and help in preparation of the syllabus and curriculum as syllabus and curriculum revision shall be a regular annual activity.
- The faculty was motivated to record more and more e-lectures and also to prepare modules of lectures where in 1 module may be composed of more than 5 lectures and as per Vice Chancellor, Faculty preparing modules shall be given monetary benefits and appreciation certificates.
- Regarding the question bank, all the co-ordinators were explained the purpose and the objective behind the creation of question bank so that they are able to supply the required question papers from their respective faculties to expedite the process. Dr Dogra also informed the coordinators that IQAC is in the process of procuring the question bank software that will dramatically ease the creation of question paper just before the exam to reduce any chances of bias and leaking of paper and urged the coordinators to cooperate in the same.

- Since, IQAC has already communicated to all deans regarding updating of the faculty profiles on the IQAC website, so the faculties who have not initiated the process, their coordinators were urged to help in coordination of the same. Many faculties expressed that the same data is being asked by multiple sources in multiple formats so there should be central data centre who shall be responsible for making the changes in the website when any faculty leaves or joins the institution. On this, Dr Dogra expressed that these things are being discussed and some system shall be made into place taking HR into loop.
- The faculties have also been communicated multiple times about the report of events in a said format but still then many faculties are not sending the reports post the event. The coordinators expressed that they are not aware of any report format and have been sending the write up for social media upload. But it was made very clear that social media upload is different and documentation of an event in the form of report by IQAC is required for the inspection purpose to have a record of the activities of each faculty. So, if every event report is made separately rather than a compiled report of all events, it is better representation of the faculty during the upcoming inspections like NAAC. It was decided that the IQAC format for report of events shall be sent to all the coordinators.
- The meeting ended with vote of thanks by the chairman for the meeting Dr T.D Dogra.

The Teaching methodology report for each month have been collected from the coordinators countersigned by the Deans.

For the surveillance about the use of newer teaching methods, the Marketing team was also utilized. First they were trained about each method and then they were asked to observe the teaching sessions to understand the type of teaching methodology used.

Separate training workshops to teach the faculty about education technology in the form of capacity building workshops/ faculty development programs have been conducted which have been discussed in detail in the following sections.

Examination Reforms

Examination reforms

The continued developments in the field of education including syllabus and curriculum and innovative teaching methods also requires reformation of examination and evaluation system.

Therefore, Collegium of Deans and IQAC advocated multiple examination reforms including:

- 1) Importance on practical and skill based learning with resultant equal distribution of theory and practical percentages.
- 2) Emphasis on continuous assessment of the student and resultant formative assessment as 40% and summative assessment as 60%.
- 3) Change of question paper pattern with the introduction of objective types of questions constituting 50% of the total marks.
- 4) The Evaluation of Objective type questions through OMR software
- 5) Creation of Question bank and generation of question paper through software.
- 6) Implementation of Choice based credit system as per UGC guidelines.

Multiple meetings have been held with various faculty Deans and Controller of Examinations office to facilitate the acceptance and implementation of these reforms.

The list of meetings include:

S.No	Date	Agenda
1.	27 th May 2017	Examination reforms with Controller of Examination office

4. DrKhazan Singh Sangwan, Controller of Examinations, SGT University
5. Mr. Balvinder Singh, Asst COE
6. DrAsha Chaudhry, Reader, Dept of Oral Medicine and Radiology
7. Dr Amit Bharadwaj, Reader, Dept of Periodontics
8. DrAkshayMunjal, Reader, Dept of Periodontics

The meeting was mainly done for a brainstorming session regarding the existing examination process and to discuss the possible reforms to make the examination process more student friendly and objective.

The Following points were discussed:

- 1) Controller of examinations were asked to find out if any directions/ guidelines from UGC, Council or court are prevalent regarding the necessity of external examiner for examination process as external examiners are merely adding to the expenditure for the examination process whereas the assessment is mainly based on internal observations. Discussions were done if internal examination quotient can be increased and external examination quotient can be reduced or at a 50:50 ratio of each can be done or if only 1 external examiner can be sufficient.
- 2) To search for the examination process/ patterns of reputed national and international universities.
- 3) To formulate a common question bank from where questions can be given for examinations. The question may be selected from the bank by internal examiner to reduce the expenditure posed by external examiner. However, updation and accreditation of question bank may be done time to time by calling an external expert.
- 4) To make 'Saturday' as a weekly assessment day for each subject. The assessment may comprise of objective or subjective questions. The weekly assessment will then be compiled into monthly assessment, then into mid semester and then end of

semester assessment. The average of these will constitute the internal assessment. This will actually constitute the formative assessment and this can increase the quotient of internal assessment. The policy for weekly assessment to be prepared by Dean Examinations.

- 5) The pattern of question paper should be changed. It should comprise of 150-200 questions covering all types of questions namely:
- Essay
 - Short questions
 - Only Definitions
 - Objective type
 - Problem based
 - Single response
 - Multiple response
 - Reasoning and assertion
 - Matching type
 - Sequencing
 - True/false
 - Fill in the blanks
- 6) The questions should be prepared according to syllabus areas designated as must to know, desirable to know and nice to know.

On 4th July 2017 it was decided that there is a need to review the existing examination system of all faculties and to propose the desired modifications.

All the Deans were therefore asked to send the copy of the examination system prevailing for their faculty so that they can be studied about the ratio of theory and practical marks and the ratio of internal assessment and summative assessment.

The circular which was sent to all Deans from Collegium of Deans office was as under:

Minutes of meeting of Deans on 6th July 2017 regarding Examination process

The first meeting regarding examination process was conducted on 6th July 2017 in the Dental committee room at 2:00 pm.

The following members were present for the meeting:

1. Dr T.D Dogra- Pro-Chancellor and Chairman of the meeting
2. DrDaleep Singh- Pro-vice Chancellor
3. Mr H.K Pir- Registrar
4. DrKhazan Singh Sangwan- Controller of examinations
5. MrBalvinder Singh- Adds COE
6. Dr H.S Grover- Dean Education, Examinations and International affairs
7. Dr S.C Mohapatra- Dean Academic Affairs
8. Mr M.K Nair- Dean Fashion and Design
9. Dr Naresh – Professor, Behavioural Sciences
10. Mr Kamal Piyush- Dean, Hotel and Tourism Management
11. Dr Rajiv Khanna- Director and Dean, faculty of Law
12. Dr K.R Dagur- Dean, Agriculture
13. DrSnehlataVerma, Off Dean, Faculty of Education
14. DrAstha Chaudhry- Reader, FDS

The agenda of the meeting was discussion regarding the examination pattern of each faculty and to discuss about increasing the practical component in each. Each faculty examination pattern was first presented by DrAstha Chaudhry pointing mainly towards the ratio of theory and practical and then discussion was done on the feasibility of the same.

- The meeting began with presentation about Faculty of Fashion and Design existing examination process. It was found that theory and practical component was 1:1 which was actually very good. Dr Grover suggested on including internship in the curriculum during which assignments also will be given to the students and it will be evaluated. Some internal marks (10 marks) can be kept for the internship.
- Examination pattern of Faculty of Behavioural Sciences was presented where it was found that theory : practical was actually 1:3 which is the need of the hour. Dr Naresh told that they have also revised the pattern a bit where practical is included with each theory paper, Students are given regular assignments and Log book is also maintained. Sir also urged that they shall be keeping Friday as assessment day as they have kept Saturday as field training day.
- Presentation of examination pattern of Agricultural Sciences was done by where theory:practical was 3:1. DrDagur explained that they follow choice based system where in student will select one of the 5 modules. The 4th semester was practical itself and the course is designed according to the regulations of council where credit

points have been given for theory and practical and if practical component will be increased, the whole time table and duration of the hours will need to be changed to keep the required credit points.

- Presentation on exam pattern of Faculty of Education was done next where it was found that practical component was different in each semester and it was bit less. So it was urged by pro-VC sir and Dogra sir to go through the guidelines of NCTE(National Council of Teacher Education) as it emphasizes practical learning more than theory classes. It was also pointed out that Distribution of marks in each semester is different and it is decreasing s semester is increasing, there should be rationalisation of marks and revisions in the examination pattern of education are required as there are some areas like school profile, psychology profile that are not considered for exams or marks and should be considered for overall evaluation of student. Faculty of Education to present the revised pattern within 3-4 days.
- Next Presentation on faculty of Hotel and Tourism management was done wherein it was found that practical learnings and practical evaluation in this faculty is almost 1:1 and should be continued in the same manner.
- Last presentation was on faculty of Law where theory:practical was 85:15. Dr Rajiv Khanna insisted that this patten has been revised to make the practical component. 50% but it needs to be approved first by Board of Studies and then by Academic Council . Once it is approved, it will be implemented.
- Dr Dogra then asked all gathered if it is feasible to have uniform theory paper pattern for whole University . On consensus of all, it was then decided that theory question paper pattern should be changed where all types of questions should be asked to overall evaluate the student.
- The questions to be included are:
 - Long essay
 - Short notes with a specific word limit
 - Discriminative questions like differences/similarities
 - Problem based question/case study
 - Definitions/concept to test the recall by the student
 - Interpretation question to check the interpretation/application ability of student.
 - Objective types of questions
 - i. Single response MCQs
 - ii. Multiple response MCQs
 - iii. Matching type
 - iv. Assertion and reasoning etc

10. DrAmit Bhardwaj, Asso. Prof, FDS
11. DrAstha Chaudhry- Reader, FDS

The agenda of the meeting was discussion regarding the examination pattern of each faculty and to discuss about increasing the practical component in each.

1. Each faculty examination pattern was first presented by DrAstha Chaudhry pointing mainly towards the ratio of theory and practical and then discussion was done on the feasibility of the same.
2. Dr Dogra explained about the various types of questions and urged that there is a need to change the existing pattern of question paper.
3. There were Discussions regarding the introduction of objective types of questions in the question paper. It was also discussed that id objective type questions have to be framed from external experts, appropriate remuneration should be given to the faculty.
4. It was discussed that each faculty should prepare as sample question paper on these lines and submit to Collegium of Deans so that it can be reviewed and if suitable can be implemented.
5. There were discussions about the use of Students Log book that should be filled by students and should be regularly checked by faculty.

Following these meetings it was decided that Guidelines for question paper should be framed to be circulated among all faculty so that sample papers can be made.

The guidelines were framed as:

Guidelines for setting up of question paper

As decided in the meeting held from 6th-8th July 2017 regarding the examination process, the guidelines for preparing question paper are as under.

Part A(Descriptive)

- 1) One **long essay** type question (candidate should be able to answer it in 20 mins)
- 2) **Short answer** questions (candidate should be able to answer each short note in 4 mins. Total time duration for short notes should be atleast 20 mins that makes for total of 5 questions)
- 3) **Definitions/concepts** (candidate should be able to write within 2 mins. Total time duration should be about 10 mins that makes for total of 5 questions)
- 4) **Discriminatory/differentiation** questions (4 mins each, total of 20 mins that amounts to 5 questions)
- 5) **Problem based question.**
 - Stem/story of the question should be readable within 2 mins. Candidate should be able to answer each question in 2 mins. (Total 10mins)

For example:-

A 25 yr old male was going to IFFCO Chowk on motorcycle. He met with an accident on NH8 Highway by colliding with a car. He is lying unconscious on the road with bleeding from the head and you are a passer by at the same time. In such circumstances as a responsible citizen, you will respond to the situation

- A) What first action you will take as a stranger?
- B) Explain the first action the attending Doctor will take when the victim is taken to hospital?
- C) Enumerate the possible traumatic causes of unconsciousness in such a case?
- D) What is the "Golden Hour" in emergency care?

- 6) **Interpretation questions**(candidate should be able to answer in 3 mins, total 5 questions may be asked that amounts to 15 mins)

For example,

- 1) A patient on oral examination showed discoloured central incisor tooth(11) without loss of tooth structure. It did not show any response on vitality testing. Radiographically, it showed a diffuse radiolucency at the apex measuring 3*2mm with external root resorption.

Interpret the data and make the diagnosis. What could have been the cause of the discolouration in the tooth.

- 2) A patient is having symptoms of evening rise in temperature, cough from last 2 weeks and loss of weight. Mention the 2 immediate investigations required to be done in this case.

Part B(Objective)

- 7) **Objective type questions** (Total of 50 questions)

- i) Single response questions*(1 min for each question, Total of 20 questions)

For Example

- 1) The radiographic appearance of suppurative osteomyelitis of the jaws is
A) Snail-track

- B) Driven snow
- C) Moth-eaten
- D) Onion-skin

ii) **True/False** (1 min for each question, total of 5 questions)

For example

- 1) Multiple Periodontal abscesses may be the complication of uncontrolled diabetes mellitus.

- A) True
- B) False

iii) **Assertion-reasoning questions** (2 min for each question, total of 5 questions)

For example

Assertion: Earth revolves around the sun

Because

Reason : The sun gravity attracts the earth and the earth's velocity pulls it forward into orbits.

- A. (Both assertion and reason are correct)
- B. (Assertion is correct but reason is wrong)
- C. (Assertion is wrong but reason is correct)
- D. (Both assertion and reason are wrong)

iv) **Multiple response questions** (2 mins for each question, Total of 5 questions)

For example,

- 1) The oral manifestations in HIV are:

- i) Linear Gingival erythema ii) MolluscumContagiosum iii) Lichen planus
iv) Hyperpigmentation v) Cervical lymphadenopathy

- A) i, ii, iii are correct
- B) i, iii, are correct
- C) iii,v are correct
- D) i, iv are correct

v) **Text/numerical questions** (2 min for each question, Total of 5 questions)

For example

- 1) If the single dose of paracetamol for an adult aged 25 yrs is 500mg, the single dose for a 10 yr old child will be.....mg

- A) 100
- B) 150
- C) 200
- D) 250

- 2) The atomic number of Tungsten is

- A) 64
- B) 74
- C) 84
- D) 94

vi) **Matching questions**(2 mins for each question, Total of 5 questions)

Match the following items with their developers

- | | |
|---------------|-----------------------|
| a) X-ray tube | i) Numata and Paatero |
| b) OPG. | ii) Hounsefield |
| c) CT. | iii) W.C Roentgen |
| d) X-rays | iv) W.C Coolidge |

B) a-i, b-iv, c-iii, d-ii
C) a-iii, b-i, c-iv, d-ii
D) a-ii, b-iii, c-i, d-iv

vii) **Sequencing** (2 mins for each question, Total of 5 questions)

For example:

Arrange in sequence the following stages of tooth development

- 1) Histodifferentiation
- 2) Initiation
- 3) Morphodifferentiation
- 4) Proliferation
- 5) Maturation

- A) 1,3,4,5,2
B) 2,4,1,3,5
C) 3,1,5,2,4
D) 4,2,1,3,5

30. Dr. Sarju Devi, Language
31. Dr. Mukesh Sharma, Microbiology
32. Dr. Vijay Bhalla, Principal, SGT College of Pharmacy

The following were the proceedings of the meetings:

1. The newer examination pattern was discussed stating its significance. The faculty members were requested to prepare their model question papers according to newer guidelines and submit to IQAC.
2. All the question type patterns may not be applicable in all the faculties. Hence, Deans can choose the question types fit for their faculty, the percentage of one type of question can be increased or decreased depending on the applicability.
3. The scoring scheme was also discussed as the total marks are different in faculties. There was discussion that uniform scoring pattern should be followed for all faculties. But it was stressed that number of questions should be increased and atleast 50 objective type questions should be there.
4. The methods of checking MCQs were also discussed with COE.
5. Dr. Bhalla, Principal, Pharmacy was asked to prepare a standard format of Log book to be followed uniformly for the University.
6. It was decided that these newer guidelines needs to be approved from Board of studies and academic council for their effective implementation.
7. It was stressed by Dr Dogra that all co-ordinators from faculty should collect the sample papers both hard & soft copy and submit it to IQAC.
8. Dr. Dogra asked the members that while framing the question paper, the time taken to solve a particular question should be kept in mind before framing the question paper.

8th August 2017

A meeting was conducted in IQAC at 11:00am on 8th August 2017 regarding the Examination and Evaluation system of SGT University in Vice – Chancellors committee room.

The Following members were present:

1. Vice-Chancellor
2. Pro-vice Chancellor
3. All the Deans
4. Dr T.D Dogra- Co-ordinator IQAC for the meeting
5. Dr H.S Grover- Dean Education, Examination and International affairs
6. Dr S.C Mohapatra- Dean Academic affairs
7. Dr Amit Goel- professor, Faculty of Engineering and Technology
8. Dr Sharma- Controller of examinations
9. MrBalwinder- Examination Branch
10. DrAstha Chaudhry- Sub Dean
11. Dr Amit Bhardwaj- Sub Dean
12. DrAkshayMunjal- Coordinator

To start with the Vice-chancellor welcomed all the participants, he briefed the significance of the curriculum and evaluation process in a University set up, hence gave insistence on seriousness of the purpose of such periodic discussion. After that he asked Prof. T D Dogra for presentation and discussion on the agenda items to come at logical conclusions.

Prof. T D Dogra, explained the existing recommendations of UGC in 11th and 12th five-year plan documents circulated in April 2009 subsequently reaffirmed in Oct 2012 and new guidelines issued by UGC for 2017-18. These guidelines state that in any certificate, undergraduate, post graduate and diploma course/es the external examiner may be called for evaluation and assessment in summative examination at the end of semester. In view of the above detailed discussion was held among Deans and other members and following was decided unanimously.

Prof. Turan commented that since, SGT University is in early stage, we need to abide by the guidelines of UGC. Once, we get recognition by UGC or NAAC, then we can design or reform our policies of our own. Hence, we may not go for 100% summative examinations as internal examination.

Pro-vice chancellor said, however, we can explore the methods to reduce the cost/expenses involved in examinations.

Prof S C Mohapatra Dean, academics supported the CAP system.

1. UGC Guidelines suggest that **all the students pursuing certificate, diploma, degree, UG,PG, Research courses have to undergo external evaluation at the end of each semester as per syllabi or credit schedule and it was approved unanimously.**
2. **“Centralized assessment program” (CAP)** system of evaluation may need to be adopted where in the evaluation of answer papers will be done at the **central area in the examination branch** under CCTV surveillance for a focused evaluation and targets should be cleared to the evaluator in the beginning itself (7 answer sheets per hour accounting for 50 answer sheets/day).
3. An **“internal and external resources question bank”** should be created and submitted to Controller of examination sticking to the domains of the syllabus from where randomly, the questions can be used for regular and supplementary examinations by the Controller of Examinations. The questions in question bank should be categorized according to the level of difficulty index, discriminatory index and other norms should be set about the percentage of questions that will be used from each category to prepare a question paper.
4. The **moderation** of question papers should be done by a **committee** (not an individual) who are proficient in the same subject in the office of COE (Controller of Examinations).
5. **A special supplementary examination or summer semester** should be observed after 5th semester to clear the supplementary of students to make them eligible for appearing in the placement exams or interviews especially for engineering and Management students.
6. **About 5% of the sample copies can be scrutinized by IQAC to evaluate for appropriateness of correction.**
7. **No remuneration should be given to the internal evaluator for setting up of question paper or invigilation or evaluation**, provided the duties are being performed on the working days and within the working hours of the Institution. However, if any of these are performed on holidays, a compensatory leave or nominal remuneration can be provided to the faculty.
8. This **“No remuneration policy”** for paper setting, invigilation or evaluation should not inhibit the faculty from performing these duties within the working days and working hours of the institution and **Deans of the respective faculties should ensure complete attendance of the faculty for the prescribed duties by the examination branch.**
9. The new question paper format wherein 50% of the questions are objective will make the evaluation system easier as the objective type questions will be checked electronically. The Descriptive part will be checked by external examiner.

10. The formative assessment system should be made strong and should account for 40% of total marks with summative assessment accounting for 60% of the total marks.

11. The answer sheets should not be shown to the students except on request of scrutiny or rechecking etc.

The points discussed in these meetings were put forth to registrar to be approved in the next Academic council meeting.

The following two Agenda Items of Academic council meeting held on 30.08.2017 have been approved in toto as recommended by IQAC. These two approved agenda item are being reproduced below for your kind perusal.

Agenda Item No. 4: To Consider and approve the recommendation of IQAC to all the Deans of the faculties except wherever there are specific restriction from their respective regulatory bodies to get the following agenda passed by their respective Board of Studies so that the same could be placed before the academic council for its approval.

- 1) The formative assessment shall account for 40% of the total marks and summative assessment shall account for 60% of the total marks for a subject in the faculties where there are no constraints of the council or regulatory body.
- 2) Approval regarding newer guidelines of question paper wherein 50% questions are objective and 50% are descriptive.
- 3) Regarding continuous assessment weekly (on Saturday), monthly, mid-semester and end-semester which will cumulatively account to formative assessment.
- 4) 50% marks for theory and 50% marks for the practical examinations shall be made applicable in faculties where there are no constraints of the council or regulatory body.
- 4) The choice based credit system shall be made applicable from the present session as per the UGC guidelines.
- 5) Introduction of log book for UG students and daily diary for teachers.

Agenda Item No. 5: To consider and approve the recommendations forwarded by IQAC for changes in the examination system.

- 1) "Centralized assessment program"(CAP) system of evaluation may need to be adopted where in the evaluation of answer papers will be done at the central area in the examination branch under CCTV surveillance for a focused evaluation and targets should be cleared to the evaluator in the beginning itself (5 answer sheets per hour accounting for 30-40 answer sheets/day).

- 2) An **internal question bank** should be created and submitted to Controller of examination sticking to the domains of the syllabus from where randomly, the questions can be used for regular and supplementary examinations by the Controller of Examination. The questions in question bank should be categorized according to the level of difficulty and norms should be set about the percentage of questions that will be used from each category to prepare a question paper.
- 3) The **moderation** of question papers should be done by a **committee** (not an individual) who are proficient in the same subject in the office of COE (Controller of Examinations).
- 4) A **special supplementary examination or summer semester** should be observed after 5th semester to clear the supplementary of students to make them eligible for appearing in the placement exams or interviews especially for engineering and Management students.
- 5) About 5% of the sample copies can be scrutinised by IQAC to evaluate for appropriateness of correction.
- 6) **No remuneration should be given to the internal evaluator for setting up of question paper or invigilation or evaluation**, provided the duties are being performed on the working days and within the working hours of the Institution. However, if any of these are performed on holidays, a compensatory leave or nominal remuneration can be provided to the faculty.
- 7) This **"No remuneration policy"** for paper setting, invigilation or evaluation should not inhibit the faculty from performing these duties within the working days and working hours of the institution and **Deans of the respective faculties should ensure complete attendance of the faculty for the prescribed duties by the examination branch.**
- 8) The new question paper format wherein 50% of the questions are objective will make the evaluation system easier as the objective type questions will be checked electronically. The Descriptive part will be checked by external examiner.
- 9) The formative assessment system should be made strong and should account for 40% of total marks with summative assessment accounting for 60% of the total marks.
- 10) The answer sheets should not be shown to the students except on request of scrutiny or rechecking etc.
- 11) Regarding continuous assessment weekly (on Saturday), monthly, mid-semester and end-semester which will cumulatively account to formative assessment.
- 12) 50% marks for theory and 50% marks for the practical examinations shall be made applicable in faculties where there are no constraints of the council or regulatory body.
- 13) The choice based credit system shall be made applicable from the present session as per the UGC guidelines.

Dear Sir/Mam,

Greetings for the Day!!

This is to inform you that as per the recommendations of UGC in April 2009 reiterated in 2012 (copy attached), they have insisted upon **Choice Based Credit System (CBCS)**. I understand that the time is ripe to implement **CBCS** at SGT University in faculties wherein there are no constraints of the regulatory bodies or councils.

Accordingly, all the Deans (other than under regulatory bodies) are requested to plan the implementation of **CBCS** in their respective faculty, the background paper is attached herewith which may be helpful to understand and formulate the various programs, courses, credit, grade points, SGPA and CGPA.

In addition, two programs(choices) for the electives to be chosen by students of other faculties may also be planned. So that in each faculty one or two programs are available to be chosen by the students of other faculties.

A presentation of the plan shall be required to be made on 21st and 22nd August 2017.

With Regards

T D Dogra

Multiple meetings were held with all the Faculty Deans to make them understand the concept of CBCS. All the faculties were asked to enlist the open elective courses that they can offer from their faculty. These discussions were held in regular meetings faculty wise as per the schedule:

30th August 2017

A meeting of the IQAC was held on 30.8.17 at 12 pm for framing the rules for CBCS i.e Choice Based Credit System. The meeting was attended by Prof N S Bawa, Prof Bhalla, Prof H S Grover, and Prof TDDogra, DrAkshayMunjil. Prof Turan could not attend the meeting.

Prof N S Bawa provided the following inputs:

- To confine the system to Undergraduate courses
- Not applicable to postgraduate courses
- Difficult to accommodate extra courses in the present timetable which is already fixed
- How to incorporate the extra subject in the mark sheet
- How to incorporate the choice subject marks in the original degree
- The UGC does not allow extra charge for the extra subject
- For teaching the extra subject should the faculty go to teach the subject or students from different faculties come there.

In view of these deliberations the following was decided:

1. The CBCS shall only be applied to undergraduate courses
2. It should not be counted as part of the degree course
3. A separate certificate shall be issued to the candidate mentioning the credit score and adequate when achieved by the student

4. It shall be necessary for all students to opt for One compulsory elective and one optional elective subject but this should not be counted as a qualifying criteria for award of degree
5. Classes will be held in the faculty offering the courses twice a week
6. Classes will be arranged so that they do not clash with the classes of the original degree courses
7. The preparation execution and examination shall be the responsibility of the faculty offering the course
8. The timetable of the degree course shall be arranged in such a manner that on Wednesday and Friday 3-4 pm students are free from their degree courses
9. The compulsory elective English and communication skills course applicable to all faculties should be an integral part of the degree program as per department of languages.
10. The Professional courses regulated by various councils shall not apply CBCS is in their teaching without permission from their respective councils.
11. A committee consisting of a Principal Pharmacy Prof Bhalla, Prof N S Bawa, Prof Turan along with Prof H S Grover as member secretary is constituted to over see the implementation of CBCS at SGT University.

After this meeting the following circular was circulated:

The meeting ended with a combined decision for all faculties operational under the umbrella of SGT University and the following suggestions submitted for consideration to the Chairman IQAC:

1. A minimum of two courses to be offered by each faculty under Open Courses as Open Electives, later on more could be added.
2. Open Courses will be offered from Semester I to IV, however, this year the implementation will start from the second semester onwards so that time table/examination/grade etc. get finalized and proper teaching days are available for completion of syllabi.
3. Since all faculties have their full workload in a week, so additional periods cannot be assigned, the faculties offering interdisciplinary open elective will adjust these classes in timetable in a single slot of 3:00 – 4:00 pm in a week.
4. Thus Credits earned on account of Open Elective will get adjusted in a semester without additional load and students will have the choice to choose any open electives from Semester I to IV. To begin with minimum 4 credits will be adjusted and maximum could be 16.
5. Programs governed by regulatory bodies may offer Interdisciplinary courses in Semester mode but these credits cannot be transferred/adjusted? This point need to be deliberated further.
6. A meeting with the dean/representatives of English and Allied Sciences need to be arranged separately to bring uniformity in syllabus/curriculum/examination of English Communication and Environmental Studies offered as Ability Enhancement Courses to all students of the university.

Meeting ended at 4:00PM with the thanks by the Chair to the committee members, deans and faculty representatives present there.

Following the multiple meetings regarding screening and finalizing of CBCS proposals from all faculties, the final compilation regarding CBCS was shared by Chairperson CBCS, DrWaheeda Khan as mentioned below:

Choice Based Credit System (CBCS)

About CBCS

SGT University has introduced Choice Based Credit System (CBCS) at Undergraduate level with effect from the session 2017-2018. This system is intended to provide students a wide diversity of subjects from which they can choose what they really like and have aptitude for, apart from the core subjects they have chosen. The flexibility inherent in the system will allow students to acquire skill

based knowledge across disciplines and would engage students in meaningful learning leading to their holistic development. This system also encourages students to develop inter-disciplinary aptitude in their studies and research. To facilitate this, a cumulative list of courses offered by various faculties under CBCS is being provided. Courses under CBCS are designed as to be suitable for students who have no background or previous knowledge of the subject.

Students are advised to go through the list carefully so that they can make informed choices. There would be an overall coordinator of the CBCS Program. Course Advisors, nominated by the dean in each faculty/department will help students to make their choices. Advisors should first acquaint themselves with the finer details of CBCS to be able to guide students properly. They are mentors who should help students make informed choices taking into account their special aptitude and academic leanings, their future aims and prospects. They will provide counseling and will be available for consultation by the students. They should also work in close coordination with fellow advisers in other departments/faculty and try to sort out small issues if and when arise. Deans will ensure that counseling is being done properly.

A STUDENT CARD will be issued to students who wish to enroll themselves in CBCS classes and will be signed by the advisors. In no cases, the office staff of the faculty should be entrusted with this job. The advisors should keep a record of students choosing particular subject/course and report the figure (course wise) to the Dean's office. All records must be available both with the Advisor and concerned Dean's office.

General Guidelines:

Classes for CBCS courses MUST be held from 3:00 - 4:00 or as per the decision of the department/faculty.

All courses are of 4 Credits /4 Hours (Theory+Tutorial) OR 2+2 Credits, syllabus/curriculum developed by the concerned faculty.

All courses are assigned 100/50 Marks with uniform pattern of summative and formative evaluation pattern as approved by the university.

All courses are governed by the ordinances of the concerned faculty or the amendments incorporated by the university from time to time.

Dear Sir/mam,

I convey my sincere thanks for your kind cooperation for implementation of "Choice based credit System". The final concept paper has been prepared by Dr Waheeda Khan, Dean, Faculty of Behavioural Sciences and Dean International relations.

The official announcement of the implementation of CBCS at SGT University shall be made tomorrow 4th October 2017 at 11:00 am in the committee room A block(A05, Ground Floor).

Dr Waheeda khan, the coordinator for CBCS program will make a short presentation of 5-7 minutes.

I am further pleased to inform you that with your kind co-operation, the task of revising the question paper having uniform pattern has also been completed and the sample papers have been received from all the faculty and departments. The announcement of the newer pattern of question paper and other examination related reforms shall be officially announced along with CBCS.

Also, this is to inform you that in order to streamline the mentor-mentee system in the University, Dr M.S Turan, Dean Commerce and management has been made overall incharge for the mentor-mentee system at University level and Dr Bharti Raina, Coordinator- Cultural committee, Scholar's council and Hobby clubs shall be the secretary/coordinator for the mentor-mentee program.

For this purpose a short meeting is arranged on 4th October at 11:00 am in the committee room A block(A05, Ground Floor). Kindly make it convenient to attend out of your busy schedule.

With Regards

T D Dogra

Following this, the Final CBCS details were shared by Chairperson CBCS as follows:

The revised guidelines for CBCS were as follows:

REVISED Choice Based Credit System

The choice based credit system provides a 'cafeteria' type approach in which the students can take courses of their choice, learn as per interest, undergo additional courses and acquire more than the required credits, and adopt an interdisciplinary approach to learning.

CBCS Guidelines

- 1) Students of 2nd Semester from each department are directed to opt one elective subject from the list of subjects offered from various faculties under CBCS Program and will learn 2 extra credits duly endorsed by Examination department. The examination will be conducted for 50 Marks (Formative=10 Marks and Summative=40 Marks (Descriptive=20 and Objective=20). Duration of exam would be two hours.
- 2) Students can choose inter-disciplinary courses / skill oriented papers from other disciplines according to their learning needs, interests and aptitude.
- 3) Students can submit preference for subject choice in the prescribed application form and can choose three elective subjects in order of preference, out of the subject list offered.

- 4) The first option shall be allotted on first come first basis and as per the convenient application of system.
- 5) Co-coordinators from each department should counsel and help students to choose elective subjects. The ultimate decision of the choice of subject will be of students.
- 6) Student's intake is limited to 60 for one elective subject under each faculty.
- 7) Classes for CBCS Electives shall be held on every Wednesday from 2:00-4:00 pm in the faculties offering CBCS program in the university.
- 8) All other provisions related to attendance, evaluation etc. will remain the same as in other regular courses.

Important Instructions

- 1) CBCS classes will be started from 8 th January 2018 onwards.

Meanwhile, the quotations from various question banking softwares was called for and there were detailed deliberations between IQAC, Pro-Vice Chancellor, COE office and the IT team to decide the plan of action and the way forward.

To understand these, meetings were held among these offices to arrive at a conclusion.

29th May 2018

A meeting was held in IQAC on 29th May 2018 regarding Question Banking software.

The meeting was attended by:

- 1) Dr Daleep Singh, Pro-vice Chancellor
- 2) Dr T.D Dogra, Director IQAC
- 3) Mr Rajneesh Wadhwa, CTO
- 4) Dr S.C Mohapatra, Dean academic affairs
- 5) Dr Amit Bhardwaj, Member IQAC
- 6) Mr Satish, Academic Registrar
- 7) Mr Vijay Kumar, COE
- 8) Mr Balwinder Singh

The following were the proceedings:

- 1) There were discussions about the various proposals received regarding question banking software.
- 2) The plan of action to proceed for Question bank generation was discussed.
- 3) It was discussed that before the purchase of software, we should be ready with the question bank. Hence all the deans should be asked to depute one faculty coordinator to prepare the question papers of their faculty in a particular format accepted by the software.
- 4) Dr Amit Bhardwaj was nominated as the incharge for creation of question bank

18th June 2018

After all the deliberations and presentations by multiple question bank software representatives, the Chronon software by Yoctel was shortlisted and a meeting with the representatives was scheduled on 18th June 2018 in IQAC to discuss about the specifications and to have an understanding of the software mechanism.

The minutes were circulated to all concerned as:

During the regular meeting with the education coordinators group, it was found out that about 80 new faculty members have been recruited. Hence it was necessary to train the newly recruited faculty with the teaching methods being followed in the University after the advocacy of the previously mentioned student centered teaching methodologies by the IQAC.

The list of those faculty members were retrieved from HR dept and 3 training programs/capacity building programs for the newly recruited faculty members were organized by IQAC.

4th Capacity building Program on teaching technology 13-14th March 2018

Once the list of faculty members were received from HR, The deans were asked to nominate the faculty members for this program so that representatives from each faculty can be accommodated.

- 1) Dr Dogra informed that e-learning centre of the University needs to be established wherein the lectures videos shall be uploaded on the website so that the students can view the lectures any time. Dr Dogra stressed that e-learning is going to be the future of education so we should start preparing the same at the earliest.
- 2) Dr Dogra informed that for the start only 5 lectures per faculty have been asked by deans so that atleast a total of 85 lectures is compiled which can be kept in library and uploaded on the website for easy access to students.
- 3) Dr Astha Chaudhry shall be the supervisor from IQAC for the same and the coordination from multiple faculties, the studio booking and coordination with mass comm. faculty shall be done by Mr Anil Sharma.
- 4) Dean Mass Communication Mr Mukesh Kumar shall make a team for the lecture recording including camera man, director, editor etc.
- 5) The logistics of execution of the same were discussed and it was decided that the initial recordings shall be done in TV studio without the students with a standard background wherein faculty constantly looks in the camera during the recording. Later on few videos can be recorded in the lecture theatre itself where there is interaction with the students and movement of the faculty.

Following this regular interactions with mass communication department were made to facilitate the process of e-learning.

The communications to all the Deans were made regarding the start of e-learning portal and to motivate the faculty members to get their lectures recorded.

The First lecture was recorded on 11th December 2017 of Dr Amit Shrivastava, Dean FET. For the uploading of lectures, a channel on You Tube was created by the name “ELearning SGTU”. All the recorded videos were uploaded on this YouTube channel. To make them readily accessible to the University Students, a separate website for e-learning was created by the IT department of University in consultation with IQAC.

Sir/ Madam

IQAC has decided to start an E learning portal for the students of the university. Wherein the lectures of the faculty members will be recorded & uploaded as well as kept accessible in library. This will help students to retrieve these lectures either from net or in the library whenever required.

The preparation for proper recording shall be required hence advance intimation is necessary.

Therefore, it is requested that a list of five lecture topics along with the presenter and his contact details, which you feel to be recorded may please be sent form 15th Nov.2017 onwards so that we can contact the presenter and plan the recording of the class. This information may please be provided to the IQAC by 15th Nov. 17 so the schedule can be planned and intimated back to you.

Comments observed

1. Warden is not having good attitude. Mess food and refreshment should be of good quality.
2. We want lunch at time in lunch boxes because we don't have time to lunch.
3. Drinking water quality is not good, mess food is not good.
4. Geysers are required in washrooms.
5. Drinking water quality is not good. Mess food menu & quality require improvement.
6. Hostel mess food requires a lot of improvement.
7. Geysers are required in washrooms.
8. The rooms allotted should be permanent. According to their preferences we (students) suffer while changing the room.
9. Number of times we are asked to shift the rooms according to them. So this should not be done.
10. Change the warden, she is so partial, she is of no use, she doesn't listen to student. She is not having good, positive attitude towards student. Regarding mess and refreshment.
11. Night food
12. Please improve the neatness of hostel bathrooms.

Comments of Feedback from Girls mess(6/9/2017)

1. Change the menu for dinner.
2. Lunch timings should be extended.
3. Timings of lunch should be extended or we should be allowed to take food outside the mess in tiffins.
4. We should be allowed to take food outside hostel mess.
5. Menu should be changed. We should be allowed to take food outside hostel as we get late for lunch during OPDs.
6. Breakfast is not good.
7. Change menu please.
8. The timing of mess on Sunday should be changed. Also the snacks should be given proper. The tea available in mess (especially in breakfast) is not good as like a hot water for us. Not giving pulses(dals) every day. There should be change in food ie. Different variety of food should be given.
9. Please provide tea regularly in the evening with a better quality. Please give permission to take away lunch as we get late sometimes due to hospital work.
10. Please provide tea everyday in the evening with a better quality. Sometime we have to see patients we get late for lunch so provide us extension with the timings.
11. We are M.Phil trainee, sometimes we get late for lunch & do not get lunch to eat, please look into the matter.
12. The menu of food should be changed as per the taste as eating dals everyday is somewhat boring. Also the snacks in the evening should be proper & should be changing everyday and tea at that time is also must for refreshment. Also the cleanliness of mess should be maintained during rainy days. The whole mess gets covered with many ants that also affect the hygenicity of mess. Ya, another important issue is that sometimes the students take the food outside the mess due to certain reasons like they are ill & are uncomfortable to take the meals in the mess or any of their roommate is ill & they are serving the food for them. So, I kindly request the higher authorities please have a deep vision in that issue first that why student is taking the food outside and if the reason is genuine they let them allow to take the food. Otherwise every student is restricted here to take the food outside that is totally un-genuine.

Anti-Plagiarsim Software

Following the Signing of contract between UGC Shodhganga and SGT University in October 2017, the anti-plagiarism software was required to be purchased.

Hence, there were discussions between IQAC and IT team to shortlist a suitable anti-plagiarism software for the University.

A meeting was held on **3rd November 2017** at 12:00 noon in Board room, Corporate block regarding Plagiarism software.

Agenda:

1. To decide the plagiarism software to be obtained for checking the plagiarism content in PG dissertations and PhD Thesis before uploading the dissertations and thesis in Shodhganga/ Shodhgangotri.
2. To decide the validating authority for thesis/dissertations

The members present were:

1. Dr T.D Dogra- Director IQAC and Chairman for the meeting
2. Dr Amit Srivastava- Dean Examinations and Dean FET
3. Mr Vimal- System analyst
4. Mr Jitender Vats- IT Head
5. Mr Mukesh Bharti- Head, Librarian
6. Dr Astha Chaudhry- Sub Dean, Member IQAC
7. Dr Akshay Munjal- Member IQAC
8. Mr Anil Sharma- Secretary, IQAC

The following points were arrived at after detailed deliberations:

1. Dr T.D Dogra as chairman for the meeting addressed the members present and highlighted the need to obtain anti-plagiarism software. Since, SGT University has signed the MOU with Shodhganga, it is mandatory to upload the PhD thesis in Shodhganga repository after duly checking by plagiarism software. Since, Shodhganga does not give unaided private universities access to the internal plagiarism software, Private universities need to procure it from outside. The softwares as suggested by IT Head include Turnitin, Quetext, Plagiarism.net, ithenticate. It was decided to contact the resource person of the paid softwares like Turnitin to understand the technical details and to have a demo about its utility.
2. Mr Vimal suggested that for better performance, atleast 2 softwares should be used to detect the maximum plagiarism.
3. It was decided unanimously that validation of thesis about plagiarism will be done by IQAC. IQAC will laid down the plagiarism policy for SGT University including the certificate by the Guide/mentor and undertaking by the involved student about the content being plagiarism free. All the thesis/dissertations submitted in soft copy to the librarian will be screened by plagiarism software by IQAC in coordination with IT and after the software report, the certificate of the thesis/dissertation being within the limits of accepted plagiarism will be issued by IQAC.

6th November 2017

A meeting took place on 6th November 2017 at 12:00 noon in Board room, Corporate block regarding Turnitin Plagiarism software.

Agenda:

1. To have the demo of the Turnitin software and to discuss its utility

The members present were:

1. Dr T.D Dogra- Director IQAC and Chairman for the meeting
2. Dr S.C Mohapatra- Dean Academic affairs
3. Dr Amit Srivastava- Dean Examinations and FET
4. Mr Vimal- System analyst
5. Mr Jitender Vats- IT Head
6. Mr Mukesh Bharti- Head, Librarian
7. Dr Astha Chaudhry- Sub Dean, Member IQAC
8. Dr AkshayMunjal- Member IQAC
9. Dr Amit Bhardwaj- Sub Dean, Member IQAC
10. Mr Anil Sharma- Secretary, IQAC
11. Mr Ankit Saxena- Representative from Turnitin
12. Mr Ajay Verma- Purchase Manager

The following points were arrived at after detailed deliberations:

1. Mr Ankit Saxena gave the introduction about the Turnitin software, its wide repository including the unique access to Cross Ref repository. The technical queries about the file formats supported, the speed of uploading and use, the display of result were cleared. It was reported by Mr Ankit that once, SGT University signs an MOU with Turnitin, and pay the requisite subscription fee for one rolling year, a unique Id and password will be issued which can be used to create 1 admin account, 10 instructor account and 100 user accounts. The user accounts would be recyclable.
2. The demonstration using existing file was given and plagiarism report was shown.
3. It was decided that minimum acceptable percentage for plagiarism needs to be decided by the University internally taking into account the faculty and context and IQAC will lay down the plagiarism policy for SGT University.
4. All the members agreed about the proposal to obtain Turnitin software and matter was forwarded to the purchase department.

After detailed deliberations with the purchase department, finally **“Urkund” Software** as recommended by UGC was purchased.

Once the software was purchased, the following steps were taken:

- 1) The Guidelines for plagiarism framed
- 2) The plagiarism testing fees were decided and forms were created

University Mentor Mentee

To establish the smooth system of mentor-mentee system in the University, IQAC was entrusted to look into the matter.

Multiple meetings were held at different levels as follows:

28th September 2017

A meeting of all the deans was conducted to streamline the mentor-mentee system in the University on 28th September 2017 at 2:00pm in A block (A05)

The following points were arrived at:

1. The overall incharge for Mentor-mentee program at university level will be **Dr M.S Turan, Dean, Commerce and Management.**
2. Each faculty will depute 1 overall incharge and 2 deputy incharge followed by batch incharges and mentors.
3. **Dr Bharti Raina**, Coordinator- Cultural committee, Scholar's council and Hobby clubs, shall be the **secretary/coordinator for the mentor-mentee program.**
4. Every faculty should include names of 2-3 parents depending upon the no. of students in the mentor-mentee system with well established roles.
5. **Dr Abhishek**– Dept of Psychiatry and **Dr Mustafa Nadeem Kirmani**– department of clinical psychology will be members of the mentor-mentee system and will be resource persons to provide psychologic counseling to the students at the time of need.
6. **Dr Gunjan**– Department of Gynecology will be a member of the mentor-mentee system and will be resource person to handle the gynecological issues if any for the students.
7. The Hostel Wardens to ensure that no students remain in the Hostel after 9:00 am.
8. Since students have many hostel issues, a representative from accounts section should be deputed to handle the students affairs.
9. Management will provide transport to students in case of any emergency.

27th October 2017

The proceedings of the meeting were as follows :

Attended by

Designation	Name
Chairman	Dr. M. S. Turan
Dean, Faculty of Agriculture	Dr. K.R. Dabur
Dean, Faculty of Hotel ,Management	Mr. Kamal Piyush

Designation	Name
Chief Mentor , Faculty of Dental Sciences	Dr. Aparna Dave
Coordinator	Dr. Bharti Raina
Student Outreach	Ms Anjana Dash

Agenda

1. Issues raised by students of various Faculties were shared and discussed.
2. Hostellers must not be allowed to stay in the hostels after 9am.
3. Certain issues related to North-Eastern students were discussed.

Decisions made

1. Mentoring sessions to be held on 1st & 3rd Monday of every month between 12-1pm.
2. Summary Report to be sent on last wednesday of the month.
3. Central Committee Members will discuss the raised issues on last thursday of the month.

30th November 2017

Proceedings of the Central Mentoring Committee meeting held on 30.11.2017 at 02:00 p.m.

1. The Chairman welcomed all the members present in the meeting and requested them to present the main points of mentoring report prepared on the basis of two previous mentoring sessions held in respective department / faculty. All members discussed and gave their observations. The proforma sent by the Chairman of Mentoring Committee for the purpose of summary report to be submitted by the all Deans to the Coordinator was agreed upon as such.
2. All the members were apprised that a review of summary reports shows that mostly the problem highlighted are relating to infrastructure and other facilities like shortage of teachers, WiFi connectivity, transport etc. Therefore, it was clarified that these are the grievances which should be sorted out by Heads and Deans in general, while mentoring should be conducted for each student individually and his/her problem should be properly heard, examined and sorted out.
3. All Deans/Heads were requested to share with the respective mentors the contents of mentoring guidelines already circulated. It was also felt that at the time of mentoring all mentors should have with them the attendance record of the students for the last 15 days and reasons of shortage of lectures, if any, should be enquired into while mentoring. Those who do not attend mentoring session and are not

punctual in the classes should be taken seriously as they are the ones who really need mentoring and counseling.

4. It was agreed that a workshop for the mentors need to be conducted for which a date will be conveyed separately by the coordinator in consultation with the Chairman of Central Mentoring Committee. It will be a short duration workshop and the resource persons will be experienced internal teachers.
5. It was discussed and agreed that the students from distant states like north east and J&K have distinct problems and therefore, need special care, concern and mentoring. It was resolved that besides their mentors in the faculty, a separate mentor cum counselor should be at the University level too for the group of such students. It was decided that the coordinator Dr. Bharti Raina will identify a teacher staying in campus in consultation with Dr. Waheeda Khan, Dean, Faculty of Behavioral Sciences for the purpose.
6. Lastly all members were requested to ensure that mentoring should be regularly held in its letter and spirit as per notified schedule. The meeting ended with a vote of thanks by the Chairman of the Committee.

20th December 2017

The University has constituted a committee comprising of university officials, Deans of all faculties, non –teaching officials & parents to revive the mentor –mentee program.

Further, the office of the Chairman Mentor- Mentee program has formulated certain guidelines to strengthen our already existing Mentor –Mentee program as follows:

1. Every alternate Monday between 12-1 pm a Mentor –Mentee period will run in all the faculties of the university w. e. f. 16-10-2017 (Monday). All Deans/HODs are, therefore, requested to make provision in the time tables accordingly. The mentors will maintain usual attendance record of this class.
2. Last Thursday of every month between 2-3 PM, a meeting of designated officials will be held in room no. A 05, 'A' block, Ground Floor. The Registrar is requested to issue standing instruction to official concerned to spare committee for the purpose. Cooperation of all is highly solicited in making the programme a success.

17th May 2018

Proceedings of the Central Mentoring Committee meeting. Details are as follows:

Date: 17.05.2018

Venue: Room No 106, Block A

Time: 2.00 pm

1. The Chairman greeted all the members present in the meeting.
2. All the members were asked to send the Summary Report on time. This will help in solving student 's problems well in time.
3. The Chairman of the committee also emphasized on the need of conducting Workshop on "Methods and Importance of Mentoring" in the month of July (Tentative 2nd week of July)
4. It was discussed and agreed upon that the students from far off places should have an additional Mentor belonging to the same state besides their primary mentor from the same Faculty/Discipline.
5. All the Deans were requested to include Mentor-Mentee Class in the Academic Time Table & Copy to be forwarded to Chairman Mentor-Mentee Committee.

The Chairman of the Committee has requested all the Deans to get directly involved in the Mentor-Mentee process. It will create seriousness among faculty members' level.

Initiation of Social Sciences faculty and Programs

Proceedings of IQAC Committee Meeting for Establishment of Faculty of Social Sciences

A meeting was held on 8.10.2017 at 10 am in the board room of IQAC SGTU. The following were present.

1. Dr. T D Dogra
2. Prof. M S Turan
3. Prof. Dr Waheeda Khan
4. Prof. Amit Srivastava
5. Prof. R.K Patel
6. Dr. S.C Mahapatra
7. Dr. Amit Bhardwaj
8. Dr. Akshay Munjal

The proposal for establishment of Faculty of Social Science at SGT University was discussed. The committee was of the opinion that in view of the varied faculties in the university the establishment of the faculty of social sciences shall be easier by mobilizing resources from the other faculties. The scope & need of the Social sciences in India & North India in particular is enormous. The interdisciplinary training & interaction will provide an excellent situation for such graduates & post graduates to learn the subject thoroughly in depth including its applied aspects.

One of the courses proposed MMSW (Masters in Medical Social Work) is highly relevant and very much in demand with new upcoming medical institutions & hospitals.

Therefore establishment of faculty of Social Sciences at SGTU is recommended. The name of the faculty shall be FACULTY of SOCIAL SCIENCES. Courses to be started MSW (Master in Social Work) & MMSW (Master in MEDICAL SOCIAL WORK).

The proposal for the same as prepared by Dr R.K Patel, Professor, Faculty of Commerce and management was as follows:

Establishment of Faculty of Social Science at SGT University

As we advance towards new century, our entire society is changing in a changing global context. Major institutions including government, industry, finance and medical are seeking ways to change and restructure in a manner that will increase their flexibility and effectiveness in this climate of change. Change in education system is also must to keep pace with the changes and developments in all walks of life and also because education is often pointed to as the key sector of society that can prepare us for this new world and ensure our success. Social Education must also be modernized and strengthen for anticipating and managing changes that are taking place all around us and especially in rural sector. Employment opportunities in the public sector are decreasing with a faster rate, while the number of jobs in private sector is on rise so the programmes will also

Format for report of Events

In order to have good record and documentation of all the events being conducted in the University in all faculties and at central level, it was decided that a standard format of report of events should be created and should be communicated to all so as to get uniformity in all the reports submitted.

The standard and uniform format throughout the University will improve the quality culture in the conduction as well as documentation of the events.

The standard was prepared by IQAC and it was circulated to all Deans, all coordinators.

UNESCO-Bioethics Unit

Inauguration of Unit and Symposium

The Inauguration of UNESCO-Bioethics unit at SGT University was done on 30th June 2017 by Dr Russell D Souza, Head, Asia Pacific division, UNESCO-Chair in Bioethics, Haifa. A **symposium** on Bioethics was conducted on 1st July 2017 at T.V.Studio, SGT University. The symposium started by the introduction of UNESCO Universal Declaration on Human Rights by Dr Russell D'Souza, Head, Asia Pacific Division, UNESCO Chair in Bioethics, Haifa.

The multiple challenges in teaching Bioethics to teachers and students were discussed by Dr Mary Mathew, Head of the Indian Program, UNESCO Chair in Bioethics and Professor, Manipal University. Dr Mary told that ethical issues are faced by the Health Sciences students from the first year itself when they are exposed to cadaver. So, ethics teaching is mandatory in all Health Sciences students.

A very informative interactive session followed Dr Mary's Lecture where ethical dilemma was discussed through a case study and the valuable inputs from dignitaries were indeed helpful for our faculty members and students.

Dr Geethalakshmi, Chair Faculty development AISHU-UNESCO Bioethics National Program and Vice Chancellor Tamil Nadu Dr MGR Medical University discussed the Bioethics Curriculum development and implementation and also presented the Bioethics curriculum that has been implemented in MGR University.

The session was concluded by Lecture on Medical Education and Ethics of caring by Dr Russell D'Souza where he discussed the multiple philosophies of caring that should be incorporated in the medical curriculum.
